Public Relations & Communications
Employees Reinsurance Corporation
5200 Metcalf, P.O. 2991
Overland Park, Kansas 66201-1391

Dear Mr. Davison:

The Staff and Board of Directors of W.E.B. DuBois Learning Center sincerely appreciate the charitable gift made in the amount of \$10,000.00 to provide tutorial assistance our students in the area of reading, math, science, and computer technology.

The focus of this grant will be education and training with particular emphasis on reading improvement. We will utilize the Accelerated Reader computerized reading program to administer literacy training to students at the Dubois Learning Center. Therefore we expect students to improve in reading and, thus, show substantial improvement in the reading level.

As requested, twice a year we will send you a report on the status of the program and how the funds were used.

Again, we appreciate your continuous support and cordially invite you and your staff to visit the Learning Center to see the students in action at your convenience. .

Respectfully,

William B. Grace
Executive Director
